

Social Science- Class (6-8)

Curricular Goals and Competencies

Curricular Goals	Competencies
CG-1 Comprehends and interprets sources related to different aspects of human life and makes meaningful interpretations	1.1 Collects and interprets multiple sources of information (primary and secondary) to understand the historical, cultural, geographical, and socio-political aspects of human life
	1.2 Represents and analyses data related to various aspects of human life given in the form of text, tables, charts, diagrams, and maps
CG-2 Explores the process of continuity and change in human civilisations through specific examples from their context and a few historical episodes	2.1 Explains and analyses major changes in the past and their impact on society
	2.2 Recognises elements of the continued prevalence of certain beliefs, relationships, practices, and activities in human society, notwithstanding major changes in society
CG-3 Draws connections between the causes and effects of different social and historical events or episodes and connects them with the overall impact on human life	3.1 Analyses the effect of various changes in early human society from nomadism to settled life and early civilisation (such as the emergence of agriculture, changes in food habits, basic technologies like construction, transport, pottery, metallurgy), and changes in human habitation, family structures and relationships, the nature of work, people's sociocultural beliefs and concepts over time (e.g., ahimsa, and the fallout of major wars or invasions) that significantly impacted human societies
	3.2 Identifies reasons behind harmony and conflict among social groups and communities, in their region and in other parts of the world, and their impact on human societies
CG-4 Understands the functioning of social, cultural, and political institutions and their impact on society, and the way individuals and collectives shape these institutions	4.1 Collects, organises, and interprets information about various social, cultural, economic, and political institutions in their vicinity and region, and realises its significance for human society
	4.2 Assesses the influence of social, cultural, and political institutions on an individual/ group/ community/ society in general
CG-5 Understands various forms of inequality and prejudice in society — from those prevalent in a family to those at a community/ regional/ national level — and also the initiatives and efforts at various	5.1 Identifies, explains, and raises questions about different forms of inequality, prejudice, and discrimination prevailing in one's own family, locality, region, and national and global levels

levels to address these issues	
	5.2 Identifies, explains, and appreciates efforts (being) made at different levels through various (including social, cultural, economic, and political) mechanisms and institutions, and what individuals can do, to address these to ensure equity, inclusion, and justice
CG-6 Understands the spatial distribution of resources (from local to global), their conservation, the interdependence between natural phenomena and human life, and their environmental and other implications	6.1 Explains key natural phenomena such as climate, weather, ocean cycles, soil formation, the flow of rivers, and how they are spatially distributed
	6.2 Identifies the distribution of resources such as water, agriculture, raw materials, and services across geographies
	6.3 Analyses Indian perspectives on and efforts towards conservation and sustainability in society, and advocates the importance of the same, and what more needs to be done in these directions including in the context of global climate change
	6.4 Correlates the existence of different patterns of livelihoods with different types of landforms, availability of resources, and climatic conditions and changes (in local, regional, national, and global contexts)
CG-7 Appreciates the importance and meaning of being Indian (Bharatiya) by understanding (a) India's rich past and present including its glorious cultural unity in diversity, pluralism, heritage, traditions, literature, art, architecture, philosophy, medicine, science, and other contributions to humanity, and (b) other integrating factors despite the geographical diversity of India	7.1 Explains India's unity in diversity by recognising commonalities in its rich and diverse cultural elements, languages, art, philosophical ideas, values, clothing, cuisines, traditions, festivals, trade, commerce, and health practices including ayurveda and yoga
	7.2 Discovers the topographical diversity of the Indian landmass – from the semi-arid zone in the west and the areas of heavy rains in the north-east to the long coastal areas in the south and the snow-clad mountains in the north, as well as the rich biodiversity of the country
	7.3 Appreciates India's tradition of inclusion across communities and social groups, and its influence in vast parts of the world through its cultural elements
CG-8 Understands and appreciates the process of development of the Constitution of India and upholds its importance to promote democratic values in Indian society	8.1 Understands the need for a constitution for any country during the last few centuries – especially in a country such as India – and its deeper objectives
	8.2 Explains the process of formation of the Indian Constitution and understands the ideas and ideals of the Indian national movement enshrined in it as well as those drawn from India's civilisational heritage

	8.3 Explains the working of the three tiers of local self-government and appreciates its significance in upholding democracy at the grassroot level
CG-9 Understands the processes of economic activities (production and consumption, trade, and commerce)	9.1 Explains the key elements of trade and commerce (commodity, production, consumption, and capital) and its impact on individual life and society
CG-10 Understands and appreciates the contributions of India through history and in the present times, to the overall field of Social Science, including the different disciplines that constitute it	10.1 Knows and explains the significant contributions of India to all matters (concepts, explanations, methods) studied within the curriculum, in an integrated manner along with the particular matter – illustratively, understands the strengths of India's democratic traditions through its history
CG-11 In the curricular goals CG-1 to CG-10, there is a basic and adequate understanding of the history, geography, and culture of the locality, region, and country	Note: Competencies for this Curricular Goal have already been incorporated under CG-1 to CG-10
